DEDICATION

The dedication of this Annual Report to the Sandwich Volunteer Fire Department is especially appropriate this year. At the fire at the Webbs' house in April they demonstrated the importance of a well-run fire department and the skill and dedication of the Sandwich department. They have every reason to be proud of the job they did that day and we have, equally, every reason to be thankful to them for the hours of training and time they spend maintaining their equipment.

We have come a long way since the 1934 fire when the center of town burned and many buildings were lost. That fire was fought with a Model T carrying a small pump and some hose and a 1931 Model A. They called for assistance from Wolfeboro but a snowstorm kept help from arriving.

After the 1934 fire the Quimby Trustees funded a fire alarm system: one call box in the center of town and a whistle on the fire station. Later a system of "red phones" was set up. These were half a dozen red phones ringing in various fire department member's homes.

The 1960s saw the purchase of our first real fire truck - the 1963 International, for the sum of \$20,000 and forestry radios began to be used to alert members. The old fire station was proving inadequate. Firemen had to crawl over the trucks in front to reach the ones in back and in 1971 the Central Station was built. The 1970s and the 1980s saw the purchase of new trucks and the building of the Whiteface Station to allow faster response to the outlying northern sections of town.

In the 1970's the department also began to answer the need in town for a response to medical emergencies. Bob Dustin became their first Emergency Medical Technician (EMT). In 1986 the rescue vehicle was bought with donated funds, making for a much quicker response time to medical emergencies. These runs have become an important part of the department's work and we are fortunate to have so many well trained emergency personnel as members of the department.

Dedication (continued)

In the 67 years since the Sandwich Volunteer Fire Department was founded there have been only five Chiefs: Ryvers Ainger, Skip Burrows, Lance Metcalf, Almon Evans and Francis "Gerry" Hambrook. The department now numbers 24 with 8 retired members.

We are proud to dedicate this Annual Report to the past and present members of the Department.

SELECTMEN'S ANNUAL REPORT: 1995

This past year the Selectmen have continued to keep a close watch on the Town's finances. We have endeavored to make efficient use of our resources without unnecessary cuts in Town services. Savings made in the last few years in the dump operation, assessing costs and our insurance premiums have had a favorable effect on our budget and should continue to for the foreseeable future.

During this past year the N.H. Department of Revenue Administration completed a "Property Value Update." Some sectors of our town's real estate saw it's land values increase and some decreased, while the overall valuation of property in Sandwich rose by about one-third. The last time that our values were adjusted, in 1988, all property was indexed up by the same ratio. This time our assessors from the DRA looked at the various sectors and adjusted the appraised values, using different rates, to bring them up to the fair market value for each sector. Many shorefront property owners' appraised land values, especially, had not been keeping pace with fair market values as shown by recent sales. A system is being implemented to closely tune appraised values to market values on an ongoing basis with the aim of avoiding such a large disparity and consequent sudden, large tax increase, in the future.

The dedication of this Annual Report to our Fire Department is a public acknowledgment of the important job these men and women do for the town. Their training and equipment paid off for us all at the Webb fire where we could easily have lost a number of old buildings in the center of town as in the disastrous 1934 fire. Our thanks go also to the Mutual Aid departments who came to our assistance.

A committee was formed late in the summer including the selectmen and the Sandwich Players, to study options available for handicap access to their performances and/or the upstairs of the Town Hall. A survey has been conducted and discussions are ongoing. Recommendations on what course of action to follow will be forthcoming.

During the fall a "Master Plan Update" questionnaire was sent to town residents and landowners. This periodic survey serves as guidance to the Planning Board and other committees and boards in forming policies and reinforcing land use regulations. Thanks to the hundreds who participated

Selectmen's Report (continued)

and particularly to Bunty Walsh who spearheaded the effort. Results should be published and available soon.

This year saw the completion of house numbering and the naming of roads with no names or the re-naming of those which might be confused with other roads. All this was in preparation for our participation in the Enhanced 911 program which went online this past summer. We appreciate the cooperation received as we all had to get used to the idea of being numbered and in some cases saw our road names changed. Our thanks especially to Len Marino who masterminded the whole operation and whose meticulous attention to detail and the concerns of the townspeople were instrumental in the successful completion of the project. We are all safer as a result: emergency fire and medical vehicles and police assistance will now be able to respond with greater speed and efficiency.

We look forward to the possibility of completing two major projects in 1996. The relocation of the Squam Lake Road at the Town Beach got underway last summer. The area is now ready for the laying of the pavement which the N.H. Department of Transportation plans to do this spring. Afterwards, access roads to and from the beach will be constructed and plans will be finalized for landscaping, parking and a possible boat launching area for Sandwich residents.

Meantime, the mandatory closure of the old, inactive landfill at the Recycling Center could take place this year. For several years, the selectmen have been negotiating with the N.H. Department of Environmental Services over the procedures to be followed in this process. We have now reached a verbal agreement and details are being finalized. We are indebted to Skip Hoag, a Sandwich resident and hydrologist, for his invaluable interest and expertise in this matter. Skip was also very instrumental in last year's successful conclusion of the soil contamination issue at the Highway Garage.

Our town has a rich history. As we go about Sandwich we are reminded of this by the memorial benches which have been given in memory of town citizens. A bridge on the Bearcamp Trail is to be dedicated to the memory of Charles Crooker. And last summer an inscribed memorial stone was dedicated to Edwin and Marion Wing Elliott

Selectmen's Report (continued)

at the spring at the old Elliott place on the Whiteface Road. We keep our past with us as we plan and work for the future of Sandwich.

The Selectmen would like to thank all the townspeople who participate in the governing of their town, giving many hours with no compensation except the knowledge that they are making the town a good place to live. We thank also the Town employees. They are an exceptional group and their good work is appreciated by us all.

Respectfully submitted,

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the
Board of Selectmen
Town of Sandwich
Sandwich, New Hampshire

In planning and performing our audit of the Town of Sandwich for the year ended December 31, 1995, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the Town's accounting systems and records were identified. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas discussed included:

- A. Capital Reserve/Expendable Trust Funds Recordkeeping
- B. Invoice Documentation

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
Board of Selectmen
Town of Sandwich
Sandwich, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Sandwich as of and for the year ended December 31, 1995. These general-purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Sandwich has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Sandwich, as of December 31, 1995, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Sandwich. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Town of Sandwich, New Hampshire, is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the Town of Sandwich (primary government), and its component units. Component units are organizations for which the primary government is financially accountable or for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on the foregoing criteria, no other organizations are included in the Town's financial reporting entity.

B. Basis of Presentation - Fund Accounting

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources, and the related liabilities are accounted for through governmental funds. The following are the Town's Governmental Fund Types:

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. The following funds are included in this fund type:

Recreation
Wentworth Library
Conservation Commission
Land Trust

Forestry Committee
Driveway Plowing
Police Investigation
Sewer Department

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from Federal and State grants. The following funds are included in this fund type:

Town Bridges
Town Hall Renovations
Sewer Project

Fiduciary Fund Types

Fiduciary Fund Types - These funds account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments.

The following funds are included in this fund type:

Nonexpendable Trust Funds

Town Trusts
Cemetery Trusts

Expendable Trust Funds

Town Trusts
Capital Reserve

Agency Fund

Employee Deferred Compensation Plan

Account Groups

Account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations. The Town uses the following account group:

General Long-Term Debt Account Group - This account group is established to account for all long-term debt of the Town.

C. Measurement Focus/Basis of Accounting

Governmental, Expendable Trust, and Agency Funds use the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable (flow of current financial resources measurement focus). Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash. General taxes, intergovernmental revenues, charges for services, and investment earnings are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenses, and other long-term obligations, which are recognized when due.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when incurred (flow of economic resources measurement focus).

D. Budgetary Accounting

General Budget Policies

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the General and all significant Special Revenue Funds. Project-length financial plans are adopted for all Capital Project Funds. Except as reconciled below, budgets are adopted on a basis consistent with generally accepted accounting principles.

Management may transfer appropriations between operating categories as they deem necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year.

Amounts recorded as budgetary expenditures in the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General and Special Revenue Funds (Exhibit C) are presented on the basis budgeted by the Town. The amounts differ from those reported in conformity with generally accepted accounting principles in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances for All Governmental and Similar Trust Funds (Exhibit B) as follows:

E. Assets, Liabilities and Fund Equity

Cash and Investments

The Town Treasurer is required by State statute to have custody of all monies belonging to the Town and shall pay out the same only upon orders of the selectmen. The Town Treasurer shall deposit all such monies in solvent banks in the state or in participation units in the public deposit investment pool established pursuant to RSA 383:22. Funds may be deposited in banks outside the state if such banks pledge and deliver to the state treasurer as collateral security for such deposits in value at least equal to the amount of the deposit in each case.

Whenever the Town Treasurer has an excess of funds which are not immediately needed for the purpose of expenditure, State statutes require the Treasurer, with the approval of the selectmen, to invest the same in obligations of the United States government, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the laws of the State of New Hampshire or in national banks located within this state or the Commonwealth of Massachusetts. Any person who directly or indirectly receives any such funds or monies for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

For financial reporting purposes, cash and equivalents include amounts in demand deposits and money market funds, as well as certificates of deposit and short-term investments with original maturities of 90 days or less.

The Town is authorized by State statute to invest Trust Funds, except Capital Reserve Funds, in obligations of political subdivisions and stocks and bonds that are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept in a separate account and not intermingled with other funds. Capital Reserve Funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company, or in the share of a cooperative bank, building and loan association, or federal savings and loan association, in this state, or in bonds, notes or other obligations of the United States government, or in bonds or notes of this state, or in participation units in the public deposit investment pool established pursuant to RSA 383:22.

Investments are stated at cost or, in the case of donated investments, at the market value of the date of bequest or receipt.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

Receivables

Revenues for the most part are recorded when received, except for the following items for which receivables have been recorded:

- a. Tax revenue is recorded when a warrant for collection is committed to the Tax Collector. However, any taxes on properties where collection is in doubt have been reserved. In addition, an amount representing potential abatements of the current receivables has been recognized. The reserve totals \$69,500 at December 31, 1995.

The National Council on Governmental Accounting (NCGA), Interpretation 3, *Revenue Recognition - Property Taxes*, requires that if property taxes are not collected within 60 days after year end, the revenue is not considered an "available spendable resource" and should be deferred. An exception to the general "available 60 day" rule is allowed in unusual circumstances. The Town has concluded that the circumstances relating to the responsibility for, and payment of, the School Tax Assessment, along with the timing of the issuance of the tax warrant, which is late in the budget year, justifies a period greater than 60 days. Since this practice of recording the property tax revenue when levied is widely recognized as being generally accepted as the prevalent practice in New Hampshire, the Town believes that such practice is a knowledgeable application of the NCGA Interpretation 3 exception, and therefore Level 4 GAAP compliance may be reached.

As prescribed by law, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum.

If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town.

- b. Income on investments is recorded as revenue in the year earned.
- c. Various service charges are recorded as revenue for the period when service was provided.

Interfund Receivables and Payables

During the course of normal operations, the Town has transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers. To the extent that certain transactions have not been paid or received as of December 31, balances of interfund amounts receivable or payable have been recorded.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

Deferred Revenue

The government reports deferred revenue on its combined balance sheet. Deferred revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue also arises when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

Long-Term Liabilities

General Obligation Debt - General obligation bonds, notes, capital leases, and other forms of long-term debt supported by general revenues are obligations of the Town as a whole. Accordingly, such unmatured obligations of the Town are accounted for in the General Long-Term Debt Group of Accounts.

Compensated Absences - Employees are entitled to certain compensated absences based on their length of employment. Compensated absences do not vest or accumulate and are recorded as expenditures when they are paid.

Fund Equity

The portion of fund balance which has been legally segregated for a specific future use, or which indicates that a portion is not appropriable for expenditures, is shown as reserved. The following reserves were used by the Town during the year:

Reserved for Endowments - represents the principal balance of Nonexpendable Trust Funds which must be held for investment purposes only.

Reserved for Encumbrances - is used to account for open purchase orders, contracts and other commitments at year end for which goods and services have not been received.

Reserved for Special Purposes - is used to account for the unencumbered balance of restricted funds. These include the uncommitted balances of bond proceeds, the Town's Expendable Trust Funds, and the income portion of the Town's Nonexpendable Trust Funds.

F. Total Columns (Memorandum Only) on Combined Statements

Amounts in the "Total (Memorandum Only)" columns in the combined financial statement line items of the fund types and account groups are presented for analytical purposes only. The summation includes fund types and account groups that use different bases of accounting, includes

interfund transactions that have not been eliminated and the caption "amounts to be provided," which is not an asset in the usual sense. Consequently, amounts shown in the "Total (Memorandum Only)" columns are not comparable to a consolidation and do not represent the total resources available or total revenues and expenditures/expenses of the Town.

A. Cash and Equivalents

At year end, the Town's cash deposits categorized according to risk assumed were as follows:

Category 1 Includes deposits that are insured (Federal Depository Insurance).

Category 2 Includes deposits that are uninsured, but are collateralized by securities held by the pledging financial institution, its trust department or agent in the Town's name.

Category 3 Includes deposits that are uninsured and uncollateralized.

B. Investments

Investments made by the Town are summarized below. The investments that are represented by specific identifiable investment securities are classified as to credit risk into three categories as follows:

Category 1 Includes investments that are insured or registered, for which the securities are held by the Town or its agent in the Town's name.

Category 2 Includes uninsured and unregistered investments, for which the securities are held by the Town, broker, counter party's trust department or agent in the Town's name.

Category 3 Includes uninsured and unregistered investments, for which the securities are held by the broker, counter party, counter party's trust department, or agent, but not in the Town's name.

Most of the Town's investments are under the management of Charter Trust Company, Merrill-Lynch, or First NH Investment Services, who are the Town's agents for these funds. These investments are designated as Category 3 because they are held by an agent of the bank but not in the Town's name.

C. Property Taxes

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year. The net assessed valuation as of April 1, 1995, upon which the 1995 property tax levy was based was \$182,083,577.

In connection with the setting of the tax rate, Town Officials, with the approval of the New Hampshire Department of Revenue Administration, establish and raise through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a

reduction in tax revenue and is adjusted by management for any tax reserves at year end. The property taxes collected by the Town include taxes levied for the Interlakes Cooperative School District and Carroll County, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

The tax rate for the year ended December 31, 1995, was as follows:

Municipal Portion	\$ 3.64
School Tax Assessment	7.59
County Tax Assessment	<u>.69</u>
<u>Total</u>	<u>\$ 11.92</u>

As prescribed by law, within 18 months of the date assessed, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town.

During the current fiscal year, the Tax Collector on June 29, placed a lien for all uncollected 1994 property taxes.

Taxes receivable at December 31, 1995, are as follows:

F. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets, errors or omissions, injuries to employees, or acts of God. During 1995, the Town was a member of the New Hampshire Municipal Association Property-Liability Insurance Trust, Inc. This entity is considered a public entity risk pool, currently operating as a common risk management and insurance program for member towns and cities.

The New Hampshire Municipal Association Property-Liability Insurance Trust, Inc. is a Trust organized to provide certain property and liability insurance coverages to member towns, cities and other qualified political subdivisions of New Hampshire. As a member of the NHMA Property-Liability Insurance Trust, Inc., the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1st to July 1st. The program includes a Loss Fund from which is paid up to \$250,000 for each and every covered property, crime and/or liability loss that exceeds \$1,000. For the year ended June 30, 1992, the program includes Loss Funds from which is paid up to \$200,000 for each and every covered property, crime and/or liability loss that exceeds \$1,000.

The Trust maintains, on behalf of its members, the following insurance policies shared by the membership for the year ended June 30, 1996.

1. American Re-Insurance Company Facultative Casualty Reinsurance Certificate #009239319 and Facultative Property Reinsurance Certificate #009239318. These provide property, general liability and public officials liability coverage in the amount of \$750,000. Also included is excess loss Fund coverage of \$1,000,000 aggregate excess of the Trust's Loss Fund.

Public Officials Liability has an aggregate limit of \$1M per member.

2. Travelers Insurance Company #XTXP-GAC-251T055-5-95. It provides \$200 million property coverage in excess of \$1 million which is the American Re-Insurance Company primary limit.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

3. American Re-Insurance Company #009237877. Provides some members with higher limits of from \$1 to \$4 million in excess of the underlying \$1 million.
4. Kemper #3XC02547601. Members of the Trust also share a Boiler and Machinery coverage policy which provides \$30 million limit resulting from any "One Accident" subject to a \$1,000 per loss deductible.

Contributions paid in 1995 for FY96, ending June 30, 1996, to be recorded as an insurance expense/expenditure totaled \$28,940. Unpaid contributions for the year ending June 30, 1996, and due in 1995 were \$-0-. Claims submitted to the Trust that have been billed to the Town for their portion of payment (i.e., deductible) as of December 31, 1995, totaled \$-0-.

The Trust Agreement permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. At this time, the Trust foresees no likelihood of an additional assessment in any of the past years.

The Town continues to carry commercial insurance for all other risks of loss, including employee and public official fidelity bonds, health and accident insurance.

C. Defined Benefit Pension Plan

Plan Description and Provisions

Some employees participate in the State of New Hampshire Retirement System (the System), a multiple-employer cost-sharing public employee retirement system (PERS). The payroll for employees covered by the System for the year ended December 31, 1995, was \$57,393; the Town's total payroll was \$373,812.

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1995

All full-time employees are eligible to participate in the System. The System is divided into two employee groups; **Group I** - teachers and all other employees except firefighters and police officers, and **Group II** - firefighters and police officers.

Group I Employees who retire at age 60 are entitled to retirement benefits equal to 1.667%, or 1.515% for retirement at age 65, of the average of their three highest-paid years of compensation, multiplied by their years of creditable service. Earlier retirement allowances at reduced rates are available after age 45 with 10 years of service. Benefits fully vest upon reaching 10 years of service or attaining age 60.

Group II Employees who are age 60 or who are at least age 45 with at least 20 years of creditable service, are entitled to retirement benefits equal to 2.5% of the average of their three highest-paid years of service, multiplied by their years of service, not to exceed 40. The vesting requirements are the same as Group I.

The System also provides death and disability benefits, and cost-of-living increases have been periodically granted to retirees by the State Legislature.

The State of New Hampshire funds 35% of employer costs for public safety officers (Group II) and teachers employed by the Town. The State does not participate in funding the employer cost of other Town employees. The Town has not elected early application of GASB Statement #24 in these financial statements.

Description of Funding Policy

The System is financed by contributions from both the employees and the Town. By State statute, Group I employees are required to contribute 5% of earnable compensation. Group II employees are required to contribute 9.3% of gross earnings. The Town must contribute the remaining amounts necessary to pay benefits when due. The contribution requirement for the year ended December 31, 1995, was as follows:

Town's Portion	\$ 1,764
Employees' Portion	<u>5,337</u>
<u>Total</u>	<u>\$ 7,101</u>

The amount shown as "pension benefit obligation" in the System's financial statements is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among PERS and employers. The System does not make separate measurements of assets and pension benefit obligations for individual employers. The pension benefit obligation

TOWN OF SANDWICH, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS

at June 30, 1994, for the System as a whole, determined through an actuarial valuation performed as of June 30, 1993, was \$1,954,158,402. The System's net assets available for benefits on June 30, 1994, (valued at market) were \$1,897,588,132. The System holds none of the Town's securities.

Trend Information

Historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is available for only eight years and is presented in the System's June 30, 1994 annual financial report (the latest year available).

Deferred Compensation Plan - The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plan assets and a corresponding liability to employees for deferred compensation is recorded in an agency fund. Plan assets are reported at fair market value.

The plan is administered by an independent company, and the Town remits all compensation deferred to this administrator for investment as requested by the participant employees. All compensation deferred and funded under the plan, all investments purchased and all income attributable thereto are solely the property and rights of the Town (until paid or made available to the employee or other beneficiary), subject only to the claims of the Town's general creditors. Participants' rights under the plan are equal to those of general creditors of the Town in an amount equal to the fair market value of the deferred account for each participant.

It is the opinion of Management that the Town has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Town believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

D. Landfill Closure and Postclosure Care Costs

Federal and State laws and regulations require that the Town place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site after closure. A liability is being recognized in the General Long-Term Debt Account Group based on the future closure and postclosure care costs that will be incurred. The recognition of these landfill closure and postclosure costs is based on the amount of the landfill used through the end of the year. The estimated liability for landfill closure and postclosure care costs is \$438,500 as of December 31, 1995, which is based on 100% usage (filled) of the landfill. The estimated total current cost of the landfill closure and postclosure care is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of December 31, 1995. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

TOWN OF SANDWICH, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1995

The State of New Hampshire Department of Environmental Services requires that all entities which receive licensing for landfills since 1991 meet general financial assurance requirements. The Town has met these requirements by finalization of a comprehensive plan to be implemented at a predetermined time during the operational life of the facility which will generate the required funds for closure.

The Town has established a Capital Reserve Fund for landfill closure and postclosure care costs which has a balance of \$208,220 at year end.

YES 290

NO 62

The second session of Town Meeting was held at the Sandwich Central School on March 15, 1995. Moderator Robert J. Rowan called the meeting to order at 7:00 PM. The Reverend Gary Mauck, interim Pastor of the Sandwich Federated Church, gave the invocation. Tom Canfield led the Pledge of Allegiance. The Moderator announced there would be no smoking in the building; advised the location of the exits and restrooms; and stated that the meeting would not be run by Robert's Rules but by the following rules:

A. Anyone wishing to make a motion, seconding a motion, or wishing to speak on an Article must first be recognized by the Moderator. B. All speakers must address the Moderator, there will be no cross floor debates. C. When recognized please stand and state name when making or seconding a motion. D. Voting will be done by a show of hands. E. Seven voters may challenge the declared vote on any Article before the next Article is brought up, then a secret ballot must be held. F. If a secret ballot is desired on any Article, a written request signed by five voters is required and presented to the Moderator any time prior to the vote on the Article. G. Any Article may be legally amended, each amendment will be discussed independently, and acted upon before the Article is called. H. Motion to reconsider an Article may be made at any time prior to final adjournment and the Article would be taken up again immediately unless protected by a vote to restrict reconsideration. I. Five voters may request a recount of a secret ballot before the next Article is taken up. (The vote margin must be less than 10% of total vote cast.) J. Only registered voters may vote. K. Only registered voters may speak to questions, non voters may speak only after the Moderator polls meeting and hears no objection. L. The Moderator can be overruled by a simple majority vote. Any challenger will be recognized and no second is required. The challenger has the right to state his or her reasons for challenge. RSAs cannot be overruled by the Town Meeting.

The Moderator then explained that all voters must check in with ballot clerks to receive a voter card. When voting, only hands showing a voter card will be counted. If a voter leaves the room for any purpose, (restroom, smoking), they must leave their card with the ballot clerks and pick it up upon returning. All cards must be turned in upon adjournment. When casting secret ballots only properly numbered ballots will be counted. Please handle voting cards and ballots carefully. If needed, pencils will be available while you are in line.

The Moderator then went on to Article 3.

BOARD OF ADJUSTMENT

In 1995, the Board of Adjustment received and considered four completed applications for hearing. The applications included two requests for an Appeal to an Administrative Decision, two requests for Special Exceptions, one request for a Variance and one request for a re-hearing from the terms of the Zoning Ordinance.

The Appeals to an Administrative Decision involved the definition of an accessory building and definition of the minimum square footage of a substandard lot (a lot of record pre-dating the current zoning ordinances).

The Special Exceptions involved the installation of a septic system that did not conform to current setback requirements and the operation of a business that is not owner occupied.

The request for a Variance involved the square footage of a substandard lot as did the request for the re-hearing.

The Board reminds anyone considering making changes to an existing building, changes in uses of their property or building a new building to carefully review the Zoning Ordinance, Subdivision Regulations and when necessary the guidelines of the Historic District Commission. All of these are available at the town hall. If required, applications for the appropriate permits should be made to the Board of Selectmen, the Planning Board and/or the Historic District Commission.

Respectfully submitted,
Peter C. Hoag, Chairman

CONSERVATION COMMISSION

The Conservation Commission conducted a monthly schedule of meetings this year. The meetings are held the second Tuesday of every month at 7:30pm. Members also met onsite to view the actual conditions for several Wetland applications. We thank everyone who attended for their involvement and efforts.

We continued our support of the '5 Days of Sandwich' summer Conservation Education program. This program is for 10 to 12 year olds. Our thanks to White Sylvania Trust, Bearcamp Valley Garden Club, private donors as well as the Town for their support. In 1995 the two one week sessions were very successful; they provide children an opportunity to view and enjoy many special natural areas of the town.

Another successful household hazardous waste collection was held in the summer. The new location proved to be a fast and efficient drop-off. We urge everyone to turn in any hazardous waste as this free summer collection.

The new Expedited Application Form provided by the Wetlands Board has reduced the time required to obtain a Wetlands Permit. Our Commission must review each application before it is sent to the Wetlands Board; this local review generally takes one week. Properly filed Expedited applications are receiving approval within three weeks of being sent to the Wetlands Board in Concord. The form covers many of the most frequent wetlands permit activities. These include: driveway culverts, pond construction and docks. If your project does not meet the Expedited criteria your application must be submitted on the standard form. Forestry Notifications continue to be filed with your Intent to Cut as in the past. If you are planning any new work or maintenance in Wetlands we suggest you contact a member of the Commission for a review before you submit your application.

An important future Conservation Commission project is a well water testing round covering the entire town in 1996. This voluntary monitoring project was first conducted over 10 years ago. We plan to compare the results of 1996 tests to the prior series so that we can determine any degradation or improvement in overall water quality in the town.

We thank the Selectmen and the entire Town Hall office staff for their efforts this past year.

Respectfully submitted,
Chip Kimball, Chairman

FIRE/RESCUE DEPARTMENT

In Town Fire Calls.....	56
Out of Town Mutual Aid Calls.....	11
Search/Rescue & Medical Emergencies..	87
Special Service Calls.....	<u>22</u>
Total Calls	176

This past year has been a very busy and eventful year for the Department. Our calls reached an all time high exceeding last year's calls by 63 and the next busiest (1993) by 35. Search/Rescue & Medical Emergency calls while increasing, dropped to 49% of our total calls.

March Town Meeting voted to officially recognize the Department as the Town Fire Department with the Chief to be appointed by the Selectmen upon recommendation of the Department members. This vote was required by a new statute that became effective January 1995 requiring this action.

On March 23 the new pumper (designated 20M1) arrived in Town and was placed in service shortly thereafter.

On the morning of April 26 we were toned out for a structure fire at Jack & Lee Webb's. The first pumper was on the scene four minutes after the tone, reporting the barn and ell attached to the house were fully involved. Mutual aid was requested before the first pumper arrived and we soon requested a second alarm Mutual aid assignment. Before the fire was over we went to a third alarm. With the strong winds blowing that day there were a lot of spot fires and grass fires but thanks to a lot of help by volunteer non-department people these were contained before involving any other buildings.

The cupola on Denley Emerson's barn next door did catch on fire as well as the sill to this building but was quickly contained although it was necessary to special call Ashland's ladder truck to completely extinguish the cupola fire.

All three hydrants in the village were used. With the quick response, the mutual aid help received, and the class A foam system on the new pumper as well as the deck guns on the pumpers we were able to save the

Fire/Rescue Department (continued)

Webb's home although it did suffer a gutted attic and extensive water damage. As of this writing the Webbs are once again in residence. A very big thank you to all that were involved!!

The Department members were all recertified in CPR this past December and our EMTs will be completing their recertifications this coming year.

We had several new members join the Department this past year but we still could use additional people. Anyone interested please contact any member of the Town Office. There is also a great need for members for our ladies auxiliary, the Sirens.

This past year our long-time member Captain Walter Forbes passed away. Walt will be greatly missed by all.

Once again we urge everyone to have their chimneys checked and cleaned at least once a year. We responded to nine chimney fires this past year! Also please check your smoke detectors and change the batteries at least once a year. Smoke detectors do save lives.

In closing I wish once again to thank all our members, the Sirens, the Selectmen, the police and highway departments and last but not least the community for their support this past year.

Respectfully submitted,
Francis G. Hambrook, Chief

HEALTH OFFICER

This past year was a most agreeable one from a health officer's point of view: we suffered no plagues or pestilences. In this year I investigated a complaint of an open septic system, did two Child Day Care Agency inspections and one Foster Family Home inspection, and provided information about the Town of Sandwich to the National Small Flows Clearinghouse and the New Hampshire Department of Environmental Services.

Transient elevation of bacterial counts at the Potholes was detected in one sample taken during the summer. However, as in the past, this proved to be only a result of surface run-off near the time of sampling. There is no evidence of a fixed source of pollution, and there is no threat to swimmers.

As always I am available for any public health questions you may have.

HIGHWAY DEPARTMENT

1995 was another productive year. More time was spent sanding than plowing - driveways were plowed six times for the 94/95 season.

Along with regular road maintenance, grading, patching, tarring etc., we did major work on Maple Ridge Road: rock removal, ditching, draining, shimming and re-sealing.

Reconstruction was completed on 2200' of Range Road from the Lake Road to Ray Conley's house. Brush was cut, rocks removed, ditches shaped; approximately 2000 cu.yds. of spoil was hauled away. Pike was the low bidder for recycling the pavement. After the pavement was grounded, 850 cu.yds. of 1 1/2 crushed gravel was placed, graded, compacted and paved.

I would like to thank all the men of the Highway Department; John, Bill, Ken, Roger and Tim. Also to the Selectmen and Joanne for their assistance and support.

Respectfully submitted,

HISTORIC DISTRICT COMMISSION

1995 was another quiet year for the Historic District Commission. We dealt mainly with minor renovations, satellite dishes, signs and fencing. An exception was the review of plans for the rebuilding and renovation of the Webb house and barn on Skinner Street after a tremendous fire caused extensive damage. It's no exaggeration to say that only the dedicated efforts of the local and area fire departments, neighbors, and people who just happened to be there saved much of the village that windy spring day. I'm pleased to note that by the end of the year, Jack and Lee Webb were able to move back into their home.

Bill Kenly and Starr Hope left the commission in 1995. New members are Marcia Allen and Sandra Bicknell. The chairman would like to thank all past and present members for their thoughtful service in 1995.

LAND TRUST COMMITTEE

The Sandwich Land Trust committee regrets the loss this past year of four of the Town's founding Land Trust donors: Suzita Myers Schneider, Helen Bates, Roger S. Coolidge and John Dyer.

Donating a conservation easement of 200 acres of woodland along the Red Hill River, Suzita protected extensive wildlife habitat and one of the oldest farms in Sandwich. On her land, Suzita blended her concern for conservation with keen interests in historic preservation and education.

Helen Bates, with her husband Dr. Frank Bates, led the way in creating the Bearcamp River Trail. Helen signed the first deeded access along the trail on her land on Elm Hill Road. Helen's gift permanently protects a portion of this 17 mile pathway.

Roger Coolidge donated an easement protecting 75 acres of undeveloped shoreline and forest on Squam Lake. In doing so, Roger gave Sandwich the leverage we needed to also conserve a 300 acre farm on the Bearcamp River. Roger's Big Pine, towering over other mature pines, is a rare and beautiful sight for boaters on Bear Cove.

John Dyer and his wife Priscilla held the honor of donating the Town's smallest conservation easement, protecting a little over four acres on Red Hill Pond. The Dyer's enthusiasm helped persuade other landowners around the 350 acre pond that all of them needed to work together to conserve an ecological whole.

These far-sighted townspeople leave a legacy that the residents of Sandwich will appreciate for many years in the future.

The Committee wishes to thank numerous people for volunteer help this past year. Many individuals, members of the Over the Hill Gang and the Wonalancet Outdoor Club helped to maintain and improve the Bearcamp River Trail. Fred Lavigne was especially helpful in designing and building foot bridges. Joe Upson completed a fine geological map of the trail and its environs. Kurt Mellon drew a black and white map of the trail for the committee's trail guide. Gordon Wright took us aloft in his 40s-era Super Cub for a bird's eye view of easement lands. And Steve and Tracey Olafsen joined us as volunteer land monitors.

Land Trust Committee (continued)

The Committee was pleased to receive a deeded access on the Bearcamp River Trail from Bill and Silke Hoffman of Tucson, Arizona. The part of the trail lies just west of Route 113 and the junction of Middle Road and Top-of-the-World Road.

Members of the Committee spent the past year working on trails and monitoring easement properties. Work is progressing on building a bridge over the Bearcamp on the Bates' property in memory of the late Charles Crooker, a project funded by private gifts.

The Committee worked with the Selectmen and townspeople to renew and maintain mutual goodwill with easement owners. Conservation easements create a partnership of property rights. Both the landowner and the townspeople depend on continual goodwill for peaceful management of these joint responsibilities and privileges.

A recent survey of land trust properties indicates no increase or decrease in Town tax assessments. The Committee is interested in talking with landowners about easements as a management and estate planning tool. We are also eager to inform townspeople at large about the benefits of protecting open space, trails, public access to ponds, wildlife habitat, and productive farm and forest lands.

The Committee's monthly meetings are open to the public.

Respectfully submitted,
Martha Carlson, Chairman

PARKS AND RECREATION DEPARTMENT

Activities and programs for 1995 included:

Ski Program - A six week program for downhill and cross-country instruction for school children at King Pine Ski Area and on the Fairgrounds and Quimby Field.

Cross-Country Ski Trail - A groomed packed trail is maintained on Quimby Field and the Fairgrounds; also a trail leading to Dinsmore Pond Road and the Notch.

Winter Carnival Weekend - Held the last weekend of February, activities were held at Quimby Field, the Fairgrounds and at the school.

Maypole Dance - Ushered in the Spring season, participants included children in grades K-6 and interested adults, held on the Green.

Maintenance - The Parks and Recreation Department maintains the grounds at Quimby Field and part of the Fairgrounds, the Town Hall, the Green, Remick Park, Bearcamp and the Pot Hole.

Youth Baseball-Softball - Included instructional T-Ball, farm league, minor league, major league, senior league for boys and girls; also Babe Ruth. Seven teams took part with between 90-100 participants.

Ten Week Summer Program - Included tennis activities for children ages 5 & up and adults; swimming lessons, softball, basketball, volleyball, etc.

Old Home Week Activities - Included agility demonstration, triathlon, 2 club golf tournament, art show, jazz ensemble, field day and more.

Fishing For Kids - The Town Hall pond will be stocked with trout by the State and is open to children for fishing.

Youth Soccer - Instructional for grades K-2, teams for 3&4, 5&6 coed; there were three teams this year.

Great Halloween Pumpkin Display - At Remick Park in North Sandwich, about 45 pumpkins were on display.

Adult Basketball and Volleyball - Both coed and at the school gym held twice weekly September -April; Volleyball once weekly the rest of the year.

Walking Program - The school was open Monday, Wednesday & Friday from 4:30-5:30p.m. for those wanting to walk during the winter months.

Adult Tennis Programs - Spring and Fall.

Youth Basketball - Instructional for K-2, teams for 3&4, 5&6 boys and girls; four teams this year.

Parks & Recreation (continued)

Advent Program and Festival of Lights - Children grades 4 and under held at the Town Hall.

Holiday Lights - Placed at three locations around Town.

Skating Rink - Held on the Frost Lot next to the Town Hall.

NYSCA Coaches Certification - Mandatory coaches training program for all youth coaches.

New Years-Last Night in Sandwich - The Recreation Department helped with activities at the school and the Town Hall.

Adult Fitness - A program designed to maintain strength, flexibility and cardiovascular fitness for adults held at the Town Hall three times a week.

Community Tree - The Recreation Department helped with the tree and set up at the school.

In the Spring the Pot Hole area was thinned of brush to open up more parking to get cars off the road. Bushes were trimmed at Bearcamp swimming area and the brook at Remick Park was cleaned of debris. The Town crew flattened out the skating area on the Frost Lot next to the Town Hall and will be finished off next Spring.

Area businesses sponsored all of the youth sports teams which included 14 teams; many thanks for their generous support.

Thanks to all the volunteer coaches giving their time to the youth sports programs and the volunteers who help with programs throughout the year. I would like to recognize and thank the following for their help during the year, Pete and the "Town Crew", the school staff, Joanne, Priscilla, Pat, the Selectmen, Quimby Trustees, the Recreation Committee, Ms. Urda, and the Sandwich Fair Association for the use of their land. Also to Bruce and Louis who help with our road races etc.

PLANNING BOARD

The Planning Board held a total of 18 meetings and hearings during the year. This included 12 regular meetings, 2 public hearings and 4 work sessions. It considered applications for 6 subdivisions, 6 boundary line adjustments, 1 site plan review, 1 development or use without subdivision and 1 consultation.

Elected officers for the year were: Robert Erb, Chairman; Benjamin Bullard, Vice Chairman; Patricia Merriman, Administrative Secretary; and Frederick Rozelle, Recording Secretary. New alternates appointed to the Board were Marcia Allen and Daniel Peaslee. In July Cynthia Yeager resigned as an alternate member and Richard Crockford was appointed to complete her term.

The Board proposed four amendments to the Zoning Ordinance that were approved by the March 1995 Town Meeting. The Zoning Ordinance is reviewed annually and a public hearing was held on January 20, 1996 to review and finalize the fourteen proposed amendments for the 1996 Town Meeting, three of which were editorial and eleven substantive.

In May, Patricia Merriman was appointed Chairman of a subcommittee to review the Subdivision Regulations and to report to the Board any proposed amendments. Serving on the subcommittee were Board members Daniel Peaslee, Frederick Rozelle, Lee Quimby, Selectman and James Hambrook from the community at large. A public hearing was held on November 8, 1995 for the purpose of review and discussing the subcommittee's proposed amendments. At the regular meeting of the Board immediately following the public hearing the recommended amendments were accepted by the Board.

In July, Frederick Rozelle was appointed Chairman of the 1995 Capital Improvements Program Committee to update the previous year's recommendations through the year 2002. Also representing the Board were Daniel Peaslee, Leonard Marino, Town Treasurer; Edwin Adriance and Dana Burns from the community at large and Lee Quimby, Selectman. The committee held several meetings with Town department heads to review proposed upcoming capital expenditures. In December this report was presented and accepted by the Planning Board for

Planning Board (continued)

consideration by the Selectmen as part of the over-all Town budget process.

In October the Master Plan Update Committee, under the Chairmanship of Frances Walsh, mailed to Sandwich property owners an update questionnaire. The returned questionnaires are currently being correlated.

It is the responsibility of the Planning Board to implement the goals of the Master Plan and the provisions of the Zoning Ordinance. The continuing support of the residents and the cooperation of other Town Boards is again appreciated.

POLICE DEPARTMENT

The year of 1995 has been a quiet year, we found a reduction in the number of calls for service.

One particular call seems to never disappear, and that is the domestic violence calls. Again the department has investigated far too many domestic violence incidents. Although the incidents have not resulted in serious bodily injury, they are of great concern to the Police Department.

In these times, great pressure is being applied to families. The introduction of alcohol and drugs only intensifies the pressure to the family environment. Other factors include financial troubles and sickness.

But there is help available if one seeks it out. Organizations like Carroll County Against Domestic Violence & Rape, can provide vital information to a victim or the or the community about the issues dealing with domestic violence. They maintain a crisis line that is answered 24 hours a day 7 days a week. **THE NUMBER IS 1-800-336-3795.**

Remember this is an ugly and vicious crime against a person and a family. No one has to tolerate this at any time, if you are a victim or know someone who is being victimized, please call the Police and report it.

In other areas of concern the Forest Service has been contracting the Police Department to assist in patrolling the Sandwich Notch. This patrol has proven to be very effective in reducing the number of incidents of disturbances and alcohol violations in the Notch.

As to the Department, Officer Stephen Kessler has joined the department as a special officer. He has assisted with the summer patrol and other details. Officer Kessler is attending Plymouth State College and also works for the security campus police. Officer Kessler is a welcome addition to the department.

The summer was quiet; the beaches saw more activity this year. Remember that you need a beach sticker in order to use the beach facilities in Sandwich. Again the Pot Hole is a problem area for the police department. Several unauthorized vehicles were ticketed over the summer. Remember that if you have a guest, they need a guest sticker in order to use the beaches. The beaches are there for the use of Sandwich residents and taxpayers only.

Police Department (continued)

I would like to thank Officer Burrows, Officer Fullerton, Officer Kessler and Priscilla Seeley for their assistance during the year. Also the New Hampshire State Police, Troop E, Carroll County Sheriff Department and the Moultonboro Police Department for their assistance.

THE SAMUEL H. WENTWORTH LIBRARY

The Samuel H. Wentworth Library completed a very successful year which included record breaking annual contributions from the Friends of the Library. An increase in the number of events taking place which used the facilities of the Library, gave evidence to the testimony that a library "is not just a place to keep books."

Many thanks are due the citizens of Sandwich who contributed so generously to our recent capital funds drive. Their participation supports the Trustees' decision that we must have an automatic circulation system if we are to function successfully as a modern library.

Many thanks are also due our wonderful staff of volunteers who serve with dedication: Sally Kalette, Janet Laverack, Marcia Allen, Dick Lyons, Kate Schiele, Diane Johnson, Anne Papen, Frances Bates, Dolly Bryant and Kendra Drown.

The Book Selection Committee composed of Richard Allen, Margaret Biggs, Norma Schrader and Rick Crockford receives our continued thanks, as does Diane Johnson, who ran the summer children's program.

The otherwise positive year was marred by the untimely death of Norma Schrader, a good friend of the Library. We will miss her friendly face and ready hands, always eager to assist when a hand was needed.

By the time the Town Report is issued, we hope the interior renovation of the lavatories will be completed, in compliance with the American with Disabilities Act. We will also have begun to automate the circulation system.

Please read the Librarian's report for the month to month happenings in the Library.

Jeffrey R. Fleischmann, Chairman

LIBRARIAN'S REPORT

The Library had another busy year with the busiest summer on record.

Building and grounds improvements included the installation of a new fire alarm system which would automatically report a fire 24 hours a day, and the upgrading of wiring in the basement. Many new shrubs were planted as the landscaping project organized by Susan Colcock continued.

The Library sponsored a Spring and Fall film series. The Fall series ran in the Library meeting room for free this year. This series was a joint effort with the Arts Council of Tamworth. the Library once again sponsored a summer reading program. Each participant received a gift certificate redeemable at Woodland books and toys in South Tamworth.

The Library was honored this year by being the only library in New Hampshire to be included in "Cultural Gems, an eclectic look at unique libraries in the United States."

The children of John and Margaret Biggs presented the Library with a beautiful clock in recognition of the dedication and services of their parents to the community.

The Friends Fundraiser barbecue was an outstanding success. The doggerel was great. It was hoped that this could be a recurring event.

The Library was furnished with a fax this year. Half of the cost was raised from an LSCA grant written by Tamworth librarian Betty Parker to furnish all libraries in Carroll County with faxes.

The Sandwich Home Nursing association pledged \$2,000 to the Library for the purchase of books on health related topics. This major donation greatly improved this area of the collection.

The Sandwich town history debuted this year, and the Library was presented with a deluxe edition, signed by all the contributors, by Bruce and Nancy Montgomery.

The Trustees decided to raise money privately to pay for an Automated Circulation system in the coming year. At this writing nearly \$10,000 had been raised. The collection should be fully automated by the end of 1996.

Librarian's Report (continued)

I would like to express my sincere gratitude to all those who have volunteered at the Library this year. Your help is essential.

SEWER COMMISSION

This year the total flow remained at approximately 2.6 million gallons.

The average sewer bill remained the same as in 1994.

A diversion trench/ditch was constructed to correct a groundwater drainage problem which affected the area used by the Recreation Department for sports activities on the Sandwich Fairground property. This was accomplished under budget.

Electrical improvements for sewer outlets at the Squam Lake Road station were made.

Repairs were made on the Maple Street manhole cover.

We remind you yet again that connection of sump pumps to the system is a gross violation and unfair to other users. Offenders may expect to be vigorously prosecuted. We also remind users that they are allowed to place sillcocks before meters but this must be inspected by a Commissioner after installation. We would also like to remind users to ensure proper insulation to keep meters from freezing. Replacements of damaged meters will cost the user \$125.

And, please continue to be cautious to choose soaps and cleaning products that are low in phosphates and in not using any other inappropriate substances which will end in our/your system.

Respectfully submitted,
Patricia A. Merriman

MEMORIAL DAY ESSAY CONTEST

WHAT MEMORIAL DAY MEANS TO ME

Memorial Day makes me think of all of the people that fought in all of the wars, and of the people that died in the different wars. It reminds me of both of my grandfathers that fought in World War II. I also think of how hard the people fought for us and how long they were gone. Memorial Day makes me think of how hard it would have been if I had lost a member of my family.

I feel very sad that so many other families lost relatives in the wars so that we could be alive and be free here today. The men and women that fought for our country were all very brave.

Memorial Day is to remember all of the wars that were fought and to thank all of the people that fought in them and to remember what they sacrificed for all of us. We remember them and thank them on Memorial Day each year.

WHAT MEMORIAL DAY MEANS TO ME

When I think of Memorial Day this is the picture that I see in my mind. Memorial Day makes me think of all the United States soldiers that fought for our state and people of the United States. Memorial Day also makes me think of all the loyal soldiers that kept their promise by fighting for the USA and the people they cared for. Memorial Day makes me think of the soldiers in the war that didn't care for themselves, but the people who were depending upon them and their courage, "winning".

Applications for the following permanent property tax credits must be filed by April 15th.

- \$ 100 credit for veteran/veteran's spouse/veteran's widow

- \$1400 credit for service connected total and permanent disability

- \$1400 credit for widow of veteran killed or died on active duty

- Total tax credit for double amputee or parapalegic

(Service connected credits may also be claimed by those who served on active duty in the armed forces of our allies if they were citizens of the U.S. at the time of their entry into these armed forces and are presently residents of N.H.)

TAX EXEMPTIONS: (Applications must be filed by April 15th)

Exemptions (deductions from assessed valuation) are available for:

- Solar energy systems

- Woodheating energy systems

- Wind powered energy systems

- Persons who are legally blind

- Elderly property owners: subject to certain age, income and asset restrictions

- Owner/resident of property modified for the physically handicapped

Current Use and Conservation Easements also result in a reduction in assessed valuation. Applications for current use or conservation easement exemptions must also be filed by April 15th.

TOWN ORDINANCES: (copies are available at the Town Hall)

PARKING ORDINANCE:

Defines the parking regulations on Routes 113 and 109 and the intersections on Bean Road and Church Street.

DOG LEASH LAW:

Within the Town of Sandwich dogs must be kept on a leash or be under the control of their owner. Yearly licensing of dogs is required.

Credits/Exemptions/Ordinances (continued)

BEACH ORDINANCES:

Requires a Town Beach/Dump sticker for use of the Town Beach on the Bean Road, the Potholes in North Sandwich, Beede's Falls on Sandwich Notch Road and the beach at Bearcamp Pond. Times of use and conduct are also regulated.

DUMP/SOLID WASTE RECYCLING CENTER ORDINANCE:

Recycling requirements are listed. Fines are imposed if these are not met. A beach/dump sticker is required for use of the solid waste recycling center.

ALARM ORDINANCE:

Requires registration of all alarm systems with the Police Department. Fines are imposed for excessive false alarms.

PERMITS are required for parades on state roads and for raffles conducted in Town.

HOUSE NUMBERING ORDINANCE:

Requires numbering of all primary buildings.

ZONING ORDINANCE, SUBDIVISION REGULATIONS AND SITE PLAN REVIEW:

These regulations should be consulted before any new building or remodeling is planned and before changes in existing ownership of land through subdivision or boundary line adjustment. Topics covered include wetland protection, setbacks from lot lines, steep slopes, signs, septic regulations and other requirements.

HISTORIC DISTRICT GUIDELINES:

Within the Historic District certain guidelines apply to changes in exteriors of buildings and use of land.

EXCAVATION ORDINANCE:

Covers gravel pits and other excavations which may require attention to these regulations both during active use and later, when inactive.

BUILDING PERMITS:

Any new building or changes to an existing structure require a building permit if the value of the work to be done exceeds \$2,000 or when construction or reconstruction violates zoning regulation setbacks.

A state/federal permit is required for projects affecting wetlands.
